## County Barn Site Little Court House

The county barn site north of Belle Glade this week was named as the location for a court house annex in the Glades and the county commission authorized an immediate call for bids for construction of the project which has been pending for more than a year.

Decision of the commission to build the annex at the county barn site came after opposition was raised by representatives of Pahokee who asked that the annex be built next to the Glades airport at Pahokee. The commission received resolutions from both the Pahokee Chamber of Commerce and town officials, pointing out that the airport location was near the center of population and that the land was suitable for construction.

However, the commission on a motion by Kenneth Foster, who said that efforts to select a location to please everyone had not been successful, decided against the airport location and voted to make use of available county facilities at the barn site. A move which Foster said would save the county about \$35,000.

The commission, after picking the site, voted to hire Fred Kesson as architect for the project. Plans and specifications were ordered prepared as soon as possible so that

Members of Pahokee Boy Scout Troop 28 are making plans to attend the Florida State Fair in Tampa during the second week in February.

The Scouts will make the trip to Tampa in the Troop bus. Last year the Scouts used the back lawn of Mr. and Mrs. Hooper McCord in Tampa as a camp site while attending the Fair and made such a favorable impression that they have been offered the same camping facilities by the McCords again this year.

Ellis Murphy, Pahokee harvest contractor who was seriously injured in an automobile accident, has returned from Mercy Hospital, Miami, where he had been a patient since Thanksgiving Day, and is now convalescing at his home in Pahokee. Mr. Murphy had several bones broken in the pelvic and hip area and is still bedfast but is expected to be able to start using crutches soon.

## Buford Prescott Dies From Injuries

Constable Buford F. Prescott, 39, of Belle Glade, died Monday morning at 10:40 at the Belle Glade hospital of head injuries received in an auto-train collision on the night of Jan. 2. He died one day before he would have been inducted into his second term of office as constable.

The accident occurred at the intersection of the FEC railway tracks and the West Palm Beach Road in Belle Glade. Proceeding west at the time of the accident when he struck the lead engine of a car freight train.

The trestle crossing of the FEC over the Hillsborough Canal was lowered to grade level about three months previous to the accident, after many months of conjecture as to whether to raise or lower the trestle to permit the passage of large trucks.

The regulation two-arm cross at the intersection on the east side only, is the only marking at the crossing, although FEC officials state that blinker lights have been on order for some time.

## Harry McIntosh On Banker Committee

Harry McIntosh, President of the Bank of Pahokee has been named to the Exhibits and Exhibitors Committee for the twenty-third Annual Convention of the Independent Bankers Association to be held in the Golden Gate Hotel, Miami Beach, April 24th to the 28th, 1957.

## Kenneth P. Foster County Board Head

Kenneth Foster, West Palm Beach, who this week started his third term on the county commission, was named Monday to be chairman of the board for the coming year.

Foster succeeds Paul Rardin, Canal Point, who has served as chairman for the past year and who was also sworn in Monday for another term on the board from District 5.

Roy E. Michael, Jr., Lake Worth, who is starting his second term on the commission and who is familiarly known as the "junior member of the board" was named vice chairman to fill the vacancy caused when Foster moved up to the chairmanship.

Judge Joseph E. White, senior jurist in Circuit Court, was present at the board's annual meeting to administer the oath to the trio starting their new four-year terms on the commission. Lake Lytal, senior member of the board and Ben Sundry, Delray Beach, a past chairman, are mid-way on their four year terms as commissioners.

## Scouts Troop Held Survival Camp Trip

Broiled possum, mudfish stew and swamp cabbage made up a typical menu of a patrol, Pahokee Boy Scout Troop 28, during the survival camping trip at Fish-eating Creek where the Scouts were on their own, so far as food was concerned, for 24 hours, with only salt furnished for the seasoning of food obtained from the land or water.

Other tasty dishes concocted by the hungry Scouts included stewed turtle and gopher, broiled rabbit, quail, catfish and bream. The Scouts were equipped with bows and arrows, fishing lines and hooks and small axes and knives for the survival project which is equivalent to five days and nights of ordinary camping in credit toward the camping merit badge. Of the 33 Scouts who made the trip none broke survival regulations.

The survival project was rated an outstanding success by Scoutmasters Louis Mims, Ed Carver and Jappy Lindrose who are able to determine through such a project how many Scouting skills and crafts their troop members have really learned.

Each of the six patrols had a separate camp under the command of its leader. The scoutmasters gave high praise to leadership of these Scouts, giving special recognition for jobs well done to Wayne Boynton and Skeets Doe, acting as patrol leaders for the first time. Other leaders were Kyle Scott, John Davis, Benny Baxter and Joey Alderman.

## City Council Has Regular Meeting

The Pahokee City Council in special session Monday night rejected by unanimous vote the proposed ordinance that would have provided for weekly council meetings. The group will continue to meet twice monthly, the second and fourth Monday nights, as has been the custom in the past.

Acting upon a request by interested residents, the Council voted to build the new sidewalks on Carissa Drive four inches lower than the engineer's specifications, construction of the walks to start immediately.

Oscar Dobrow, president of the Pahokee Marina Corp., asked that the Council name a standing committee to work with the PMC in the planning and carrying out of improvements for Pahokee Harbor. The most urgent needs at the present time are improvement of sanitary facilities and the improvement of the roads leading to the harbor on the lake side of the levee, he said. Mayor Dick Parrish and Councilmen Blanche Armstrong and Edgar Wilder were appointed by President George Tucker, Jr., on this committee.

Dobrow presented a check for \$44.57 from PMC to the City of Pahokee, in payment of harbor rent. (continued on page 8)

## C. P. Lions To Join Clubs In Social Meet

The Canal Point Lions Club at the regular dinner meeting Monday night made plans to join Okeechobee and Pahokee Lions at the second annual inter-club social for this zone to be held in the Community building at Canal Point Monday, Jan. 14, at 7:30 p. m. A new concrete ramp, 50 feet long and eight feet wide, has been constructed at the foot of the levee with one end in the water for the launching of small boats. The improvement plan also includes the development of a picnic park area in the pine grove north of the ramp. The waterfront project is under the direction of J. G. Weeks.

The Rev. James Roy, pastor of the Boynton Beach Methodist Church, a former resident of Canal Point, was introduced as guest speaker by Osceola Upthegrove, program chairman. President O. H. Sheppard presided.

Belle Glade Postal receipts for the calendar year 1956 were 11.3 per cent greater than for 1955, according to Postmaster George P. Farnall, who said the new total is an all-time high.

"About 4 per cent of the increase," Farnall said, is due to receipts accruing from the discontinued Chosen post office.

## Cinematic Chatter

By Malcolm Millar

Hello everybody! Nicknames acquired early in life generally stick to us longer than those picked up along the way. Although he is famous to millions of moviegoers all over the world as John Wayne, the strapping six-foot-four inch star who was born Marion Michael Morrison in Winterset, Iowa, is "Duke" to his legion of friends and co-workers in Hollywood. When asked how the name "Duke" was stuck to him, Wayne replied: "When I was attending high school in Glendale, which, as you know, is adjacent to Hollywood, I acted in a school play." Wayne explained. "I played a Duke. Everybody at school called me Duke and when I got a football scholarship to the University of Southern California, the name carried over." Duke played a good tackle for one of the crack USC eleven, and then left college at the end of his sophomore year to work as a prop man at one of the major studios. To his fellow set workers he was "Duke", and he still is. "Were you any good in that school play where you got the nickname?" Duke was asked. "I thought I was," he replied. See you at the movies—Mal.

## 4,008 Persons Get State Welfare Aid

Thomas E. Penick, Chairman of District Board 10 of the State Department of Public Welfare, reported that in Palm Beach County 4,008 persons were assisted in the four categories of public assistance for the month of December. A total of 1,578 persons received Old Age Assistance in the amount of \$74,172.00. 77 persons received Aid to the Blind, totaling \$4,078.00. 563 families, representing 1,814 children, received Aid to Dependent Children in the amount of \$34,212.00. 60 persons received Aid to the Disabled in the amount of \$3,133.00.

In addition 128 children received service during the month, 51 of whom were in foster homes. The total State and local cost for these child welfare services was \$2,785.03.

There were 5 adoption petitions studied for the Circuit Court. These are children placed in homes independent of service through a licensed child placement agency, and the Welfare Board is responsible according to law to make these reports to the court.

Palm Beach County is also represented on the District 10 Board by Mrs. Doris Sasser; Pahokee, Mrs. Muriel Hirsch Pick, Palm Beach; Mrs. Helen R. Tedder and Mrs. Helen D. Woodward, West Palm Beach.

Mr. and Mrs. L. L. Terry and Mrs. R. J. Maxson have returned to their homes after spending the holidays with relatives in Arkansas.

## Natural Gas On Way To Florida

WASHINGTON — Officials of two pipe line companies have stated they will go ahead with the \$150 million gas pipeline in Florida despite conditions imposed by the Federal Power Commission.

In a three-to-two decision the FPC has authorized the Houston Texas Gas and Oil Corp. and the Coastal Transmission Corp. to construct and operate a natural gas pipeline from the Gulf Coast to Florida. But the commission said that within 30 days the companies must "eliminate a number of objectionable features relating to traffic and methods of financing the project." Officials of the two companies said the conditions imposed can and will be met.

Under the plan submitted to the FPC, the two companies will lay about 2600 miles of main line and lateral pipelines from Texas and Louisiana gas fields to points in Florida.

Mr. and Mrs. J. S. Chastain were guest of relatives in Miami several days this week.

## Rodeo Scheduled At P. B. County Fair

The first rodeo ever to be held at the Palm Beach County Fair has been signed for this year's 9-day extravaganza starting January 18 on Congress Avenue, south of Lake Worth Road, according to President W. A. Boutwell.

Plans also are developing for outstanding queen contest, farm show, parade and bicycle races, and the fair itself will cover twice the area it filled last year, Boutwell said.

The All-Star Texas Ranger Rodeo plans to use the Palm Beach County Fair to launch the 1957 rodeo circuit, which tours in the south early in the year, and later on shifts West and North, climaxing at Madison Square Garden, New York City.

The rodeo will seat 2,500 persons nightly at 8:30 throughout the fair, from Friday, January 18th through Sunday, January 26th, with matinee performances Saturday, Sunday and Monday at 2:30 p.m. It will feature 100 head of stock and

50 cowboys, girls and clowns.

The world champion trick roper, Jackie Ridehart, and brother Ollie, a noted trick rider, and brother Lake, outstanding steer bulldogger, are some of the big name stars to appear. Clyde Rogers will be master of ceremonies and Buck Sharp is a popular bull baiting clown.

Eva Rogers, the world champion woman bucking bronc rider, and Clown Brahma Rogers and his trick donkey also are among the visiting stars. The time events, steer bulldogging and calf roping, will be open to Florida cowboys.

Door prizes will be given away absolutely free—a 1957 Ford Automobile donated by the West Palm Beach Jaycees, and two round trips to Cuba given by Brooks Travel Service, according to Boutwell.

## OPERATION BIG SWITCH

for Better Florida Farming

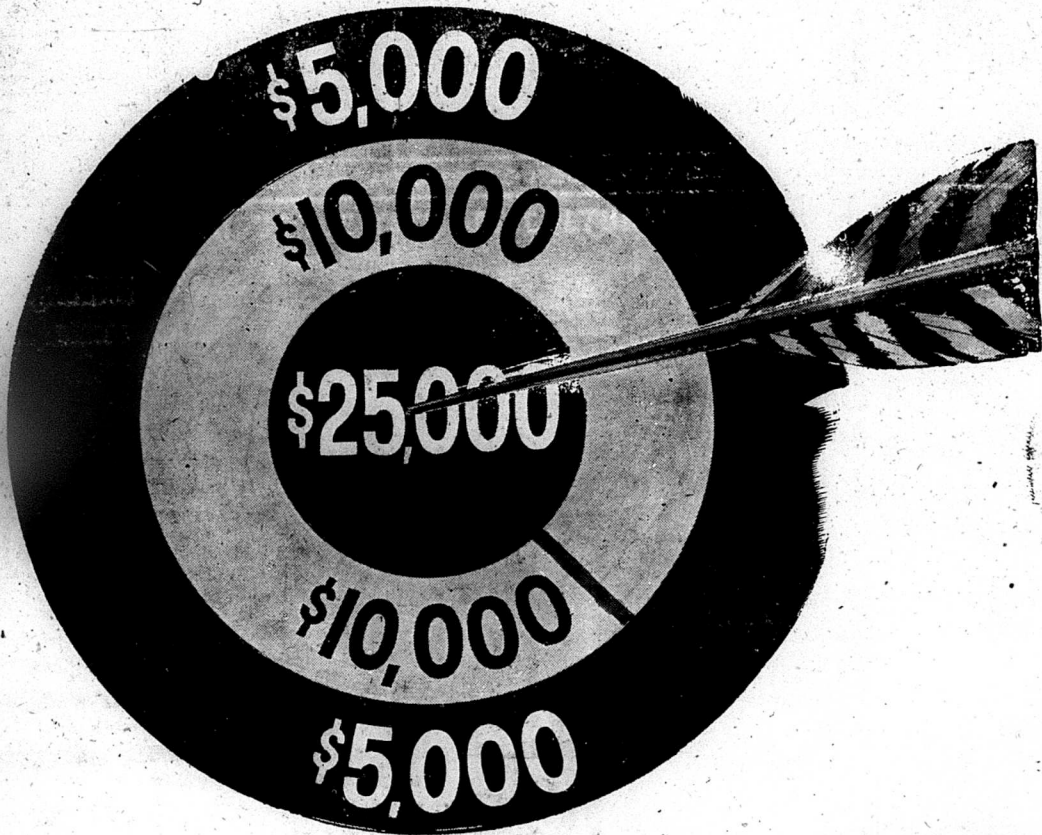

Florida farmers are switching more and more to electricity to speed work, improve efficiency, increase profits. For instance, many dairy farmers are now installing lights in the floors of milking stalls to provide better illumination during milking. Makes inspecting for sanitation easier, speeds milking by hand or machine. Look around your farm... discover ways electricity can make your farming more efficient.

Electricity lightens the work of the farmer's wife, too. For example, heating water electrically is cleaner, safer, and more economical in an all-electric kitchen-laundry... on the farm or in town!

**A** home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you *before* you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. *That means a return of up to 80% more than you originally paid.*

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

The answer to mankind's great need of purity and regeneration will be emphasized at Christian Science services this Sunday.

Keynoting the Lesson-Sermon on "Sacrament" is the Golden Text from Psalms (24:3,4): "Who shall ascend into the hill of the Lord? or who shall stand in his holy place? He that hath clean hands, and a pure heart; who hath not lifted up his soul unto vanity, nor sworn deceitfully."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (241:23-27): "One's aim, a point beyond faith, should be to find the footsteps of Truth, the way to health and holiness. We should strive to reach the Horeb height where God is revealed and the cornerstone of all spiritual building is purity."

*Uncle Sam made the bonds you own  
an even better bargain!*

# Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid  
your interest as current income—  
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.
